Future Campus, Kolkata
- **2023 - 2027 | Bachelor of Technology**
VIT Bhopal, Madhya Pradesh

PROJECTS

MediChain – Online Healthcare Platform

An Online Healthcare Appointment, NGO Connection & Child Vaccination Tracking Platform.

- Developed an online healthcare appointment and child vaccination tracking platform.
- Implemented doctor and patient dashboards to reduce waiting time through real-time queue tracking.
- Integrated NGO connectivity for patient support services.
- Implemented secure authentication with Firebase and doctor license verification.
- Tech Stack :
- Frontend: React, HTML, CSS, JavaScript, Tailwind CSS
- Backend: Firebase (Firestore, Authentication)
- Authentication: Firebase Authentication for secure login & session management
- Hosting: Firebase Hosting for scalability & security
- Tools: VS Code, GitHub, Lighthouse.
- Github Link : <https://github.com/MediChain>

ACHEIVEMENTS

- **Editorial Team Leadership:** Led the editorial team, overseeing content creation, editing, and publication, while fostering creativity and maintaining high-quality standards.
- **Event Management:** Being a part of the AdvITYa event organization team during my under graduation I developed strong multitasking and management skills.
